

Duraney White

Playing

My football career originally started at A Ma Baie where I played Atom to Peewee. From Peewee to Midget, I played for the St-Laurent Spartans where I was a member of two Montreal All-Star Football teams. I won several team MVPs as well as the Quarterback of the league all-star award. I then went to Vanier College where I played three years. I converted to Wide Receiver and we won two Bol D'Or. I was named a CEGEP All Star at Wide Receiver. I was also a member of Team Quebec's championship team in 2006 in Winnipeg. I have had many scholarship offers to the states. I'm currently set to attend Bishops University in the fall of 2009.
